

# Welcome SCP!

---

**A lot has happened since the Barcelona meeting**

- **2002A Spring search**
  - ◆ **7 proposals – all successful. Time at 10 telescopes!**
    - plus HST
  - ◆ **Extensive observing effort!**
  - ◆ **Broke new ground ... Despite dismal weather)**
    - Test run of CFHT rolling search
    - Major involvement of Subaru
    - First time with GMOS
    - First ACS images
- **Ambitious plan for 2002B Fall search**
- **Wide range of Presentations at Jan AAS meeting:**
  - ◆ **3 talks + 8 posters SCP and SNF**

# Meeting Goals

---

1. Review and plan Analyses of **current data** and publications
2. Review strategy and observing plan for **Fall and Future** runs
3. **Working groups:** Forum for individuals to exchange ideas and make progress on collaborative efforts

# Analyses and papers

---

- **Spring 2002 run: IAU Circulars**
- **Previous Data**
  - ◆ **~ 6 papers in advanced draft form:**
    - Remaining issues? What do we need to do to finish them?
  - ◆ **Number of possible other papers:**
    - Target important ones for coming year
  - ◆ **Spring 1999 nearby search**
    - Much progress recently and can yield a number of papers
